MADDISEN SHARPE

EXPERIENCE

Quality Manager | EPIC | Jan 2023 - Present

Coordinate project meetings to help achieve project readiness. Responsible for triaging designs out to responsible parties, running regression testing, and coordinating team building between programmers, TLs, and QMs.

User Experience Designer | Envision Center | June 2019- May 2022

The Envision Center is a service laboratory specializing in scientific visualization, virtual reality simulations, multimedia production, and human-computer interaction research. In my job, I help create novel solutions to effectively communicate complex research concepts using advanced visualization equipment.

UX Designer Lead Internship | CRLT | Aug 2020- Dec 2020

Coordinate and collaborate with other teams to generate a design concept. Generate UI sketches and wireframes while considering user input.

Interaction Designer Intern | Allegion | June 2020- Aug 2020

Work on a site map and an extensive heuristic evaluation using Nielsen Normans and the usability standards.

EDUCATION

Master | May 2022 | Purdue University

Major: User Experience Research

Bachelors | My 2021 | Purdue University

Major: User Experience Design
Minor: Communication and Psychology
Certificates: Leadership and Entrepreneurship

OBJECTIVE

Make an impact on user's everyday life, even if it is a simple click of the button. Listening to people, having empathy, and doing user research is part of the way I can impact a user's story.
